VALUES AND BELIEFS STATEMENT

Students and Learning

1. Learning is a lifelong process, which is adaptable to change, and not confined to any one institution.
2. Students learn in a variety of ways. Differences in learning styles and rates should be respected, and different modes of learning should be available.
3. In order to prepare students for a global environment, the learning process must emphasize the access, manipulation and use of information. Technological competence must be integrated with critical thinking and reasoning skills.
4. Students need a strong sense of values, skills, and knowledge to make choices, which enable them to function as responsible, productive members of society.

THE EDUCATIONAL PARTNERSHIP

Education is a partnership in which all parties have both rights and responsibilities.

Schools, students, families, business, and community should seek to enter meaningful and effective relationships with open lines of communication to ensure educational opportunities and growth.

The Learning Environment

1. An effective learning environment is safe, nurturing, and challenging.
2. In an effective learning environment, each member of the educational partnership feels respected and accommodated.
3. Self-esteem is enhanced in an environment where individual differences and ideas are respected, where special strengths and weaknesses are addressed, and where each person is valued as a unique individual regardless of race, gender, or ethnicity.

HANDBOOK UPDATES

Any information contained in this handbook is subject to unilateral revision or elimination without notice. Morrow County School District reserves the right to make changes, update, delete or add to this handbook at any time.

DRUG, ALCOHOL, TOBACCO, DRUG TESTING POLICY

To Access District Policies

Go to the district website at www.morrow.k12.or.us
Then to School Board > District Policies>Board Policies Online
Then type in Search Box: IGDJ-AR(2)

Definitions:

Voluntary admission-student initiates information about use before citation, school official report or school investigation.
(see below)

Self-Admission-Student admits to use when questioned by school official.

Alcohol/Drug Violations

Student violations are either the direct use of substances or being in the presence of other minors illegally using alcohol / drugs. Students that are involuntarily involved (not using) must immediately leave the situation and report it to authorities and school officials to avoid consequences spelled out in board policy. Failure to do so will result in the student being considered actively involved in the activity.

VOLUNATRY STUDENT ADMISSION

With the intent of encouraging participants who are using drugs or alcohol to participate in treatment programs, Morrow County School District supports students who voluntarily admit, of their own accord, and prior to any staff questioning, that they use/abuse alcohol and/or illegal drugs. If a student voluntarily admits to a coach, advisor, athletic director, or administration that they have a drug/alcohol problem at least 24 hours prior to any drug testing or prior to being called into the principal's office during an incident investigation, the following discipline will be administered:

FIRST VOLUNTARY ADMISSION

For the first voluntary admission, the student will be given the option of: A short suspension (10 days or 1 contest/event, whichever is greater, from the date of the admission); and a good faith participation in a State certified drug and alcohol assistance program at the student's /parent's expense: OR

If the student does not choose Option A, the student will be suspended for the remainder of the activity season, will lose their letter, and will lose any privileges of the activity.

If the student elects the option of participating in the drug/alcohol assistance program, the student will continue to practice/participate with the team/group, but not participate in any game/event during the suspension. The minimum length of the suspension shall be for 10 days, or one contest/event, whichever is longer, which will carry over to the next season/quarter of participation if the schedule ends before the time has elapsed. If the first session of the drug assistance program has not occurred by the end of the punishment period, the student will be suspended from practice/involvement and participation in games/events until he/she has attended at least one session. Continued participation will be contingent on the student missing no session of the drug/alcohol treatment program.

SECOND VOLUNTARY ADMISSION

For the second voluntary admission, discipline will be handled according to the first offense. Repeat admissions will be dealt with under subsequent offenses.

First Offense

Students determined to be in violation of this policy by use, possession or active involvement with unlawful drugs or alcohol, as determined by self-admission, citation/conviction, school personnel affidavit or positive drug test, will be subject to an immediate suspension of at least 3 weeks (21 calendar days) and/or 2 contest days/events, whichever is greater. The suspension will begin as soon as the school becomes aware of the violation. The total actual time of the suspension from activities will be determined as follows:

OPTION A

Student chooses to undergo voluntary participation in a State certified drug and alcohol assistance program at the student's/parent's expense. The student will continue to practice, but will not play/participate in any contests/events during this suspension.

For athletic purposes only: Following any suspension the student will be reinstated to full participation in the activity. The student will be reinstated to the same team (Varsity, JV, etc.), and have full opportunity to play on

that team by earning his/her way back through hard work and a positive attitude. The student is not expected to be reinstated to a starting position, but he/she must have the opportunity to earn it back. For activities such as school plays, which have less than 4 events per year, administration may consider the date of admission/violation and determine suspension period is adequate sanction, provided student meets other requirements of the policy.

OPTION B

Suspension from the team/non-athletic program for the remainder of the current season and the next sport season/academic quarter the student participates in.

Second Offense

In the student's junior/ senior high school career, the student will be suspended from all athletic/non-athletic programs for 9 weeks of contests/events. The student shall not participate in activity programs until the student has successfully completed a treatment program.

Third Offense

Immediate and full suspension from all athletic/non-athletic programs for a period of one calendar year (365 days from the date of suspension). The student shall not participate in activity programs/events until the student has successfully completed a treatment program.

Fourth Offense

The student will be suspended from participation for the remainder of the student's Jr/Sr high school career.

Tobacco Violations

FIRST OFFENSE

Students determined to be in violation of this policy by use or possession of tobacco will be subject to an immediate suspension of at least two weeks (14 calendar days) and/or two contest/event days, whichever is greater. The suspension will begin as soon as the school becomes aware of the violation. The student shall successfully complete a tobacco assessment prior to being reinstated to the program.

SECOND OR SUBSEQUENT OFFENSE(S)

Immediate and full suspension from the athletic/non-athletic program for the remainder of the activity season, or for a period of not fewer than nine weeks (whichever is greater), and mandatory follow-up session(s) with a qualified assessment counselor. Reinstatement of the student into other activity programs is contingent upon the student complying with the recommendations of the assessment professional.

Athletic/Non-Athletic Drug Testing Procedures

MCSD Board of Directors adopted a drug testing policy (Refer to Board policy) for students involved in extracurricular and athletic activities. Riverside will begin drug testing Fall of 2011. This includes students involved in athletic teams, club organizations such as, but not limited to FFA, Chess Club and National Honor Society, as well as elected ASB officers.

Instituting a drug testing policy will help provide for the health of your student(s), undermine the effects of peer pressure, and encourage students who may be using drugs to get help. As with many local school districts in our area, we will be using Bio-Med Labs as our testing agency. They will be performing specimen collection and laboratory evaluation. There are many important aspects to this policy and the most significant ones are listed below:

1. This policy applies to student in grades 7-12.
2. A minimum of 5% and a maximum of 100% of students may be tested. The laboratory will randomly choose which students are to be tested based on a non-identifying method of selection.
3. The laboratory will be responsible for all specimen collection and evaluation. Students will be allowed a private area to provide a sample.
4. Although rare, a select few prescription medications may interfere with methamphetamine testing if they are amphetamine based. If a questionable result arises, the laboratory will contact you for information on prescription medications your student may be taking to rule out illegal methamphetamine use.
5. An Authorization to Test for Drugs form must be signed and returned to the school if your student plans on participating in the athletics/extracurricular season.

Student athletes will not be allowed to participate in any athletic event until this form is signed and returned. Students involved with extracurricular or co-curricular clubs and organizations must have a signed permission slip. If their name is randomly selected for drug testing and they do not have a signed form on file, the result has the same consequence as a failure of the drug test.

Ejection Rule-Fees and Fines

When a student athlete/coach is ejected from an OSAA sanctioned event the school will be fined. Each additional ejection throughout the course of the sport's season will increase the total amount of all fines. Fine amounts will be added together and divided by the number of offenders to reach the determined amount at the end of the sport's season.

The school district will **NOT** be responsible for paying these fines; they are the personal responsibility of the ejected athletes/coaches. The athlete/coach will not be eligible to participate/coach in any succeeding sport's season and/or graduation until fines have been paid.

- Any athlete owing money from a previous sport will not be allowed to participate in any contest until the fine is paid.
- Athletes will clear all fines and fees owed before being allowed to participate in graduation.

COLLEGE VISITATION/JOB SHADOW GUIDELINES

Juniors and seniors are allowed 2 days for a college/job shadow visitation. The following criteria must be met for the absence to be considered school related:

1. A staff member takes a group of students on a college visit that has been pre-arranged with the college.
2. The student and parent must set up the visit with Riverside High School and the college/employer. Documentation must be given to Riverside from the college/job shadow.
3. Only juniors and senior are eligible for college/job shadow visitations to be considered a school related absence.

If a student wishes to exceed the 2 day limit for a college/job shadow visitation, the absence will be excused if they have pre-arranged but it will not be considered a school related absence.

COMMUNICABLE DISEASES

Parents of a student with a communicable or contagious disease are asked to contact the school so that other students who have been exposed to the disease can be alerted. A student with certain school restricted diseases is not allowed to come to school while the disease is contagious. This restriction is removed by written statement of the local health officer or doctor that this disease is no longer communicable to others in the school setting. These diseases include: chicken pox, diphtheria, measles, and meningitis, mumps, and lice infestations**, whooping cough, plague, rubella, scabies, staph infections, strep infections and tuberculosis. ** Restriction may be removed after the parent provides a signed statement that a recognized treatment has been initiated. Parents with questions can contact the school office.

COMPLAINTS AND CONCERNS

It is the goal of the Morrow County Schools to effectively educate and enrich the lives of its students. Occasionally, however, the goals and practices of the school may not always correspond with those of the parent. In these cases, we have a system in place for parents to address such concerns involving their child. In our efforts to improve communication between the school and our community, we have put together a list of steps to aid in this process.

- Step 1: If a parent has a concern involving a staff member, he/she should first contact the staff member in an effort to resolve the conflict. If the concern involves student discipline, the vice principal should be contacted. If the issue involves a coach or athletic situation, the athletic director should be contacted.
- Step 2: If the issue is not resolved to the parent's satisfaction, the parent should then schedule a meeting with the principal.
- Step 3: If, after meeting with the principal, the parent still feels the issue has not been resolved, he/she should request a Formal Complaint Procedure Form from the main office. Once the parent has completed their portion, return the form to the main office, at which time the principal will respond and submit the form to the superintendent.
- Step 4: The superintendent will review the complaint and respond within ten working days.
- Step 5: If after the meeting with the superintendent, the parent still does not feel the issue has been resolved, the Formal Complaint Procedure Form will be forwarded to the school board. The board will make a ruling within five working days following the regularly scheduled Board meeting.

Student/Parent Complaints of District Personnel

A student or parent who has a complaint concerning a classroom/teacher issue should first bring the matter to the appropriate teacher. If the outcome is not satisfactory, a conference with the principal can be requested within five days following the conference with the teacher. If the outcome of this conference is not satisfactory, the student or parent may file a written, signed complaint with the superintendent within 15 calendar days. He/she will investigate the complaint and render a decision. If the complainant is dissatisfied with the decision of the superintendent, he/she may appeal to the Board in care of the superintendent within ten calendar days following receipt of the superintendent's decision. The superintendent will provide the complainant with necessary Board appeal procedures. Board decisions are final.

Complaints Based on Discrimination of Race/Sex

A student and/or parent with a complaint regarding possible discrimination on the basis of sex, race, color, national origin, age marital status or religion should contact the principal.

Education Standards Complaints

Any resident of the district or parent of a student attending district schools may make an appeal or complaint alleging violation of the district's compliance with an educational standard as provided by the State Board of Education. The complainant should first discuss the nature of the alleged violation with the individual involved. If the complainant wishes to pursue the matter further, he/she will be provided upon request a copy of all applicable district procedures.

After exhausting local procedures or 45 or more days after filing a written complaint with the district (whichever occurs first), any complainant may make a direct appeal to the State Superintendent of Public Instruction.

Instructional Materials Complaints

Complaints by student or parents about instructional materials should be directed to the principal. Should the student or parent, following initial efforts at informal resolution of the complaint, desire to file a formal complaint, a "Reconsideration Request Form for Re-evaluation of Instructional Material" may be requested from the school office. The principal will be available to assist in the completion of such forms as requested.

All "Reconsideration Request Forms" must be signed by the complainant and filed with the superintendent.

A reconsideration committee, comprised in accordance with Board policy, will review the material and forward a recommendation to the superintendent for appropriate action and notification to the complainant. A copy of the committee's recommendation and justification will be forwarded to the complainant together with the superintendent's written decision. The complainant may appeal the superintendent's decision to the Board, whose decision will be final.

Placement/Enrollment of Homeless Students complaints

In the event a dispute arises over school selection or enrollment of a student in a homeless situation, the student will be immediately admitted to the school in which enrollment is sought pending resolution of the dispute. The student/parent may appeal the school's written decision in accordance with established district procedures. Additional information may be obtained by contacting the district's liaison for students in homeless situations.

Programs and Services Complaints

Individuals with complaints regarding the appropriateness of programs or services provided for talented and gifted students should complete the talented and gifted Standards Complaint form available through the school office. All complaints will be reported to the superintendent who will arrange for a review committee to meet within two days of receiving the written complaint to review all pertinent information.

A recommendation will be submitted to the superintendent within ten school days of receiving the original complaint. The superintendent will report the recommendation to the Board whose decision will be final.

The complainant may file an appeal with the State Superintendent of Public Instruction if dissatisfied with the decision of the Board or 45 or more days have elapsed since the original filing of a written complaint alleging a violation of standards with the district. An appropriate copy of the Oregon Administrative Rule will be provided upon request.

Students with Disabilities Complaints

A complaint or concern regarding the identification, evaluation or placement of a student with disabilities or the accessibility of the district's services, activities or programs to a student, should be directed to the Asst. Superintendent.

This may include in-classroom guidance lessons, presentations, one-on-one and group counseling for social/emotional issues, career counseling, crisis response, etc. These services may be provided by school counselors employed by MCSD, and/or by school-based mental health counselors contracted by MCSD.

DAMAGE TO DISTRICT PROPERTY

A student who is found to have damaged district property will be held responsible for the reasonable cost of repairing or replacing that property. (If the cost is \$50 or more, the district will notify the student and parent.) If the amount due is not paid within 10 calendar days of receipt of the district's notice, the amount will become a debt owed and the student's grade reports, diploma and records may be withheld.

DANCES

All school events - banquets, parties, positive recognition activities, and dances are under the supervision of the student council or authorized student group and responsible to the administrator. The student council develops the dance calendar. The sponsoring organizations are responsible for all arrangements including finances, entertainment, refreshments, decorations, chaperons, and clean up. These organizations may also set a dress code for such dances (i.e. "formal", "semi-formal", etc.)

The following rules govern school dances and parties:

1. Dances are held on Thursday, Friday or Saturday nights.
2. The faculty class advisors (minimum 3) and parents (minimum 3) must chaperon each event.
3. Students leaving the building will not be allowed to re-enter the dance.
4. All school sponsored dances and parties are closed to all individuals except Riverside High School students. Guests may be invited for special dances subject to prior approval by the principal or vice principal. Such approval can be obtained only by filling out a dance guest pass form (available at the office) and submitting it in a timely fashion. GUESTS MUST BE APPROVED 10 DAYS PRIOR TO THE DANCE. It is required that guests are currently enrolled in high school. No guests are allowed at Junior High dances.
5. Under no circumstances will Jr. High students be allowed to attend High School dances nor will High School students be allowed to attend Junior High dances.
6. Students who are dancing must be face to face and leave some space. Couples who do not follow these guidelines may be removed from the dance and their parents notified. Additional sanctions may also be imposed.
7. Organizations must submit an activity request form to the student council at least two weeks prior to the event.
8. Except on special occasions, all parties and dances will end by 11:00 p.m.

DISCIPLINE/DUE PROCESS

A student who violates the Student Code of Conduct shall be subject to disciplinary action. A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

The district's disciplinary options include using one or more discipline management techniques including counseling by teachers, counselors, and administrators; loss of driving privileges; loss of right to apply for driving privileges; detention; suspension; expulsion; and removal to an alternative education program. Disciplinary measures are applied depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion. In addition, when a student commits drug, alcohol and/or tobacco-related offenses or any other criminal act, he/she may also be referred to law enforcement officials.

Detention

Most detentions are at noon or within the school day. A student may be detained outside of school hours on one or more days if the student violates the Student Code of Conduct. This out of school detention shall not begin, however, until the student's parents have been notified of the reason for the detention and can make arrangements for the student's transportation on the day(s) of the detention.

Suspension

A student may be suspended from school for up to and including 10 school days for willful violations of the Student Code of Conduct. The district may require a student to attend school during non-school hours as an alternative to suspension.

An opportunity for the student to present his/her view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the parents of a suspended student. While under suspension, a student may not attend after school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district. Schoolwork missed by a student while on suspension is due on the day the student returns to school.

Expulsion

A student may be expelled for severe or repeated violations of the Student Code of Conduct. No student may be expelled without a hearing unless the student's parents or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing. An expulsion shall not extend beyond one calendar year. The district will provide appropriate expulsion notification including expulsion hearing procedures, student and parent rights, and alternative education provisions as required by law. See alternative education programs in this handbook.

Discipline of Disabled Students

A student being served by an Individualized Education Program (IEP) who engages in conduct which would warrant suspension for a non-disabled student may be suspended for up to and including ten consecutive school days for violations of the Student Code of Conduct.

When a disabled student is suspended more than ten consecutive school days or for more than ten cumulative school days during a school year or is being expelled, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. If the IEP team

concludes the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner as would other students.

text If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a disabled student or terminate educational services for any behavior, which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year for a drug or weapon violation as provided in district procedures.

Additionally, the district may request an expedited due process hearing to obtain a hearing officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others.

DISPLAYS OF AFFECTION

Holding hands and walking arm in arm are gestures of affection, and are acceptable between class periods. Other affectionate behaviors in school or other work settings are considered inappropriate and not allowed at school. This includes but not limited to: Intimate conduct such as kissing, sitting on laps, straddling each other, fondling. Such behaviors when referred will result in parent notification and/or discipline. There are to be no displays of affection or holding hands between junior high and high school students.

DISTRIBUTION OF MATERIALS

All aspects of school-sponsored publications, including newspapers and/or yearbooks are completely under the supervision of the teacher and principal. Students may be required to submit such publications to the administration for approval.

Written materials, handbills, photographs, pictures, petitions, films, tapes or other visual or auditory materials may not be sold, circulated or distributed on district property by a student or a non-student without the approval of the administration.

Materials not under the editorial control of the district must be submitted to the principal for review and approval before being distributed to students. Materials shall be reviewed based on legitimate educational concerns. DRESS AND GROOMING

The district's dress code is established to promote appropriate grooming and hygiene, prevent disruption, and avoid safety hazards. In addition to the district policy on dress and grooming, dress issues often constitute conflicts with district policy on sexual harassment and gangs. Such dress can, at times, for some students, create a hostile school environment. The following dress code seeks to create a more logical and useful set of guidelines for students and parents. Students in PE and Weight Lifting classes must be in compliance with the clothing policy.

MORROW COUNTY SCHOOL DISTRICT POLICY

Student Drug and Alcohol Use Policy - Oregon State Law ORS 474 and 475 prohibits the possession, use or sale of alcohol, narcotics, and habit-forming drugs. This obligates the school district to enforce a policy prohibiting the possession, use, sale or source of supply of alcohol, narcotics and habit-forming drugs (or look-a-likes) on or near the school grounds, or at any time students are going to or from school or while being transported to and from any school sponsored activity.

Morrow County School District recognizes that chemical dependency is a treatable health problem. To help make the school drug-free, the following policy will be enforced.

Violations

1. Possession and Use - Students in violation of the policy for the first time by being in possession of or using any narcotic, hallucinogenic, or intoxicating drug or alcohol will be suspended from school until a voluntary assessment is completed up to a maximum of 10 school days. Police will be called and the student will be cited. A conference with the parents or guardian will be required. Parents must agree to psychological counseling and/or informational seminars for the student. A second violation of being in possession or using will result in the student being automatically expelled from school. The expelled student may request a hearing with the board. Mandatory assessment and recommendation for treatment will be required prior to reinstatement.
2. Sale or Supply - Students involved in selling or supplying narcotics or other dangerous drugs shall be suspended and shall be recommended to the superintendent and the Board of Education for expulsion. Student and/or non-students supplying drugs on campus will be prosecuted. Such activity is a violation of state and federal law.

Drug and alcohol violations by students either in possession, use or sale will be reported to proper law enforcement officials for subsequent follow up action on their part.

Use of a drug authorized by medical prescription from a registered physician, and within the guidelines of the District Policy on medication, shall not be considered a violation of this rule.

Tobacco-Free Environment

Morrow County School District recognizes that tobacco use is directly related to serious health problems. These include addition, related cancers, lung and cardiovascular disease. Consequently, school personnel shall act as mentors and role models for students concerning tobacco products. This policy is intended to promote and communicate a positive, pro-active approach to tobacco control.

GPA-HOW TO CALCULATE

Grade Point Averages are often used to determine your eligibility for college or university entrance or for your standing on the honor roll, principal's list or minimum graduation or pass standards.

To calculate a student's GPA, set up three columns. In the first, list your subjects. In the second column, after your subject, write your letter grade. In the third column, record your points as follows:

A=4 B=3 C=2 D=1 F=0

SAMPLE: Shaun Smith

SUBJECT	GRADE	POINTS
LANGUAGE ARTS	B	3
SOCIAL STUDIES	A	4
SCIENCE	C	2
MATH	C	2
FOREIGN LANGUAGE	A	4
PE/HEALTH	B	3
COMPUTER	C	2
TOTAL POINTS		20

Add up the points in the third column and divide this by the number of classes listed. (Classes that are P/NP do not have points and are not included in the total number of classes to divide.) This will give you your GPA. Shaun's GPA = 20/7 = 2.86

GRADE/ATTENDANCE CHECK-ON LINE

Before you do a grade check on line you must obtain the student's school ID number and PIN. Then follow the procedure below:

Although HIV, AIDS and HBV are serious illnesses, the risk of contracting the disease in school is extremely low and generally limited to situations where non-intact skin or mouth, eye or other mucous membranes would be exposed to blood or any bodily fluids contaminated with blood from an infected person.

Since any such risk is serious, however, the district requires that staff and students approach infection control using standard precautions. That is, each student and staff member is to assume all direct contact with human blood and body fluids is regarded as known to be infectious for HIV, AIDS, HBV and/or other infectious diseases.

INFECTION/DISEASE INSTRUCTION

An age-appropriate plan of instruction about infections/diseases including AIDS, HIV, and HBV is included as an integral part of the district's health curriculum. Any parent may request that his/her student be excused from that portion of the instructional program required by Oregon law by contacting the principal for additional information and procedures. JUNIOR HIGH ACCOUNTABILITY

This program is based on the philosophy that in order for a student to move on to the next grade they have to prove competence in four core areas: math, science, language arts and social studies. Competence is defined as a passing grade. Parents will be notified throughout the school year if their child is not passing core classes. Our goal is to help students achieve success and reach their full potential while at the same time utilizing a system that has steps in place to accommodate students who need further help.

If a student does not pass a core class the first or second semester, they are required to sign up for summer remediation class. If they did not pass all their core classes during the first and second semester they may be retained. If summer school students do not complete their assigned remediation classes, they may have to repeat the grade level they are in this year or make up the class work the following year.

In addition, a student who does not meet state benchmarks in reading and math, by growth or standard, will be required to attend summer remediation. If a child meets their growth goal in reading or math they will be eligible to reduce one semester of a failed reading or math class.

STUDENT MANAGEMENT

Rules at Riverside Jr/Sr High School are aimed at the goal of creating a school environment which protects every student's rights to learn as well as every teacher's rights to teach. Rules should be clear and fair and consistently enforced. Aside from general school rules and these simple guidelines, teachers and classroom instructors will state and post their classroom expectations. Members of the Associated Student Body and parents are welcome to be part of the annual review and evaluation process of the Student Management Policy.

Most high school and junior high school students are young adults who are able to act in a responsible, mature manner that does not interfere with the educational rights of others. For this reason, Riverside's Student Management Policy is reviewed at the beginning of the year and with students as they enroll during the school year, so that students are fully aware of the rules and can make good choices. However, when inappropriate choices have been made, parents/guardians are notified. Students who choose to continue violating school rules face consequences for their behavior.

Student Management Policy-Positive Recognition

The teachers and staff at Riverside High School believe that students have the right to a safe, pleasant environment in which to learn. It is important that students be encouraged to conduct themselves in a manner that will maintain such a climate that everyone is given the greatest opportunity to achieve and succeed. When every person in a school is doing their best, the school becomes an exciting and warm place where every person is learning new things every single day.

In the classrooms, hallways, commons, or on the court or field, students make behavioral choices every day. At Riverside High School the teachers and staff believe that people move toward personal maturity as they make good behavioral choices and take responsibility for their actions. Behavioral choices that are mature and responsible deserve acknowledgment. Recognition of appropriate student behavior is important and may include:

- Positive recognition: including assemblies, releases, breaks, pep assemblies, etc.
- Verbal praise
- Eligibility for special prizes, outings, or field trips
- Positive notes/phone calls, acknowledgment to Parents/Guardians

Young adults making good behavioral choices use three simple guidelines. Everyone in the school is encouraged to remember the phrase, "Strive for excellence and help others to achieve this goal" as they actively work on the following goals:

BE SUCCESSFUL

Always try—Do your best—Manage yourself. Students determined to be successful come to class on time prepared to work and learn skills to help them achieve their goals.

BE THOUGHTFUL OF OTHERS

Cooperate with other people and treat them with respect. Respect the property and rights of others. Everyone at Riverside Jr/Sr High School has the right to expect mutual courtesy, respect, and a sense of self-worth.

BE LOYAL TO YOUR SCHOOL

Having pride in and respecting yourself and others is a part of making Riverside Jr/Sr High School a positive, good place to be.

Progressive Student Management System

Riverside High School has a progressive student management policy whereby student consequences will be based on previous and ongoing discipline behaviors. When a student is no longer successful at RHS they may be referred to the alternative school, as they have demonstrated that they are unable to adapt to a normal school environment.

As per policy, students and parents have the right to appeal. If you have a question about this policy please contact the vice principal. The superintendent will develop administrative regulations as needed to implement this policy.

Student Rights and Responsibilities

Among these student rights and responsibilities are the following:

1. Civil rights—including the right to equal educational opportunity and freedom from discrimination, the responsibility not to discriminate against others.
2. The right to attend free public school, the responsibility to attend school regularly and to observe school rules essential for permitting others to learn at school.
3. The right to due process of law with respect to suspension, expulsion and decisions which the student believes inure his/her rights.

13. Students need to check their attendance regularly on the web to clear up any errors as soon as possible.

College Visitation/Job Shadow Guidelines-Relating to Attendance

Juniors and seniors are allowed 2 days for a college/job shadow visitation. The following criteria must be met for the absence to be considered school related:

1. A staff member takes a group of students on a college/job shadow visit that has been pre-arranged with the college/employer.
2. The student and parent must set up the visit with Riverside High School and the college/job. Documentation must be given to Riverside from the college/employer.
3. Only juniors and seniors are eligible for college/job shadow to be considered a school related absence in regard to the perfect attendance policy.
4. If a student wishes to exceed the 2 day limit for a college/job shadow, the absence will be excused if they have pre-arranged but it will not be considered a school related absence.

Tardiness for Class

Student tardiness is an extreme disruption to the daily operation of classes. Any tardy to 1st or 5th period will result in an automatic consequence. Students later than 10 min. to class will be considered and marked L for late. Repeated tardiness in the same quarter will result in immediate consequences and/or parent contact. Consequences may include detention, in-school suspension and a behavior plan. Students with chronic tardiness will receive consequences based on the excessiveness of the infraction.

Leaving School During School Hours

If it should become necessary to leave school during the school day, the student must check out of school by seeing the office secretary and gaining clearance from the administration. Failure to do so will constitute an unexcused absence, regardless of whether or not your parents are "aware". Discipline will be administered as stated within the behavior management procedure. If parents wish to have a student excused during the school day, arrangements with an administrator must be made. The administrator will determine whether the reason is of sufficient cause to release the student, and to determine whether the absence will be excused.

STUDENTS WHO ARE MISSING DURING THE SCHOOL DAY AND WHO HAVE NOT FOLLOWED THE ABOVE POLICY FOR LEAVING SCHOOL DURING SCHOOL HOURS WILL RECEIVE AN UNEXCUSED ABSENCE AND FACE CONSEQUENCES.

Unexcused Absences include, but are not limited to:

1. Leaving campus without properly checking out through Attendance Office. You must first get the permission of an administrator, then completely fill out the form at the desk.
2. Skipping class (truancy)-leaving building without the knowledge of administration, teacher and/or parent.
3. In-building absence (IA)-In the building but did not get permission from the teacher to be in location
4. Late-being tardy over 10 minutes
5. Missing the bus or motor vehicle problems
6. Missing to take care of personal business without pre-arranging (ie DMV, shopping, getting a tux, etc)
7. Family vacations that are not prearranged

8. Employment, job shadowing, or apprenticeships during the instructional day that have not received prior approval from the administration.
9. SENIOR SNEAK DAY-Absences from school for "senior sneak" will be treated as truancy or unexcused.
10. TRUANCY-a student who is absent from school or from any class without permission may be considered truant and be subject to disciplinary action including detention, suspension, expulsion, and/or ineligibility to participate in athletics or other activities.

Sick Room Use

For students who are not feeling well and not able to go home, the sickroom, with beds, is located by the registrar's office. The use of the sick room during the day will affect a student's perfect attendance status.

The revenue generated from the \$5 permit sales will go to cover the cost of the parking permits. Vehicles without a parking sticker will receive a \$10 fine added to their ASB account. Repeat offenders will be referred to the Boardman City Police Department.

RIVERSIDE HIGH SCHOOL—“SCHOOL TO CAREERS”

The State of Oregon has directed schools to adopt programs that will develop work skills in students so that they are better prepared to leave high school and enter college, trade schools, the military, and the work force. Oregon law requires that schools have a comprehensive career plan grades 7-12, and it must be in place for Class of 2008. To meet this requirement, Riverside has implemented a “School to Careers” program that blends workplace learning with traditional education. This program for student grades 7-12, will satisfy State and Morrow County School District requirements for Career Development credit.

Students who successfully complete the “School to Careers” program will be passing the evaluation process developed by the Regional Workforce Quality Committee, which is comprised of employers in the Umatilla, Morrow County area. These employers tell us that they want workers who have good attitudes, are accountable for their actions, have strong academic skills, participate in community activities, and who are motivated to advance themselves. School to Careers focuses on these expectations:

The School Career Education Credit at Riverside Jr/Sr High School (grades 7-12) is derived from a combination of the Advisor/Advisee Program, utilization of the Career Cruising program to build a portfolio and plan for each student’s future and a final Senior Project. The Advisor/Advisee Program provides each student (and their parents/guardians) an adult in the school familiar with them, academically and personally. Two programs are utilized in the Advisor/Advisee program: Career Cruising for completion of career activities and Accelerated Reader Program for improvement in reading. Career Education credit is awarded the senior year as the students complete their senior project and exit interview. Each student builds an individual career exploration portfolio in Career Cruising over the course of time at Riverside.

In addition to the state requirements, Morrow County includes an additional unit requirement in language arts, the “Employability Skills Certificate” for Pre-Employment and Applied Skills, and a passing score on the INS Test of Citizenship of the state attendance requirement (OAR 581-022-1130 (2)).

The Senior Project and exit interview is the culminating activity for the Advisor/Advisee Program. The seniors present and defend their project to their committee. **A good Senior Project and Exit Interview includes: attendance records, disciplinary issues records, testing records; CIM scores; documented 20 hours of community service, one page job shadow reflection, employee evaluation forms, the Career Cruising Portfolio, official transcripts, and any other pertinent information.** Students present evidence that they have the appropriate skills and are ready for whatever path they choose past high school, whether that be the military, college, university, vocational school, or the business world. This project instills students with skills and prepares them for real life.
